Introducing the Alpha series

The pinnacle of contemporary shower screens, the Alpha combines elegance with efficiency. The Alpha boasts an ingenious design, including a sleek framework, a seamless door and the inclusion of a small magnet embedded in the framework. This ensures your door will close in the same position, every time. Whether you're looking to freshen up a tired old shower, or searching for a bright feature for your new bathroom, look no further than Ezy-Glide's exciting new Alpha series.
